Wes's Words of Wisdom

Having trouble hitting your fairways woods thin or heavy off a tight lie in the fairway? If this sounds like you, your swing is bottoming out too early. Many golfers believe you should sweep the ball off the ground. However, if you look at the best players in the world, they hit the ball with a descending blow and take a small divot. Think of a fairway wood as an iron and don't try to help the ball get into the air. This will improve your fairway wood play.

*Please see newsletter insert for the
2017 Junior Golf Schedule*

With better than expected weather in April, many rounds of golf were played and May promises to be much of the same. Aerification of greens will take place on May 1st and 2nd. Aerification is necessary for the health of the greens and will assure the best playing conditions for the upcoming summer months.

Please remember to fix your ball marks, as this will help speed the healing process and will keep the course in the best shape it can be. Hope to see everyone on the course!

FRIDAY, MAY 19

WILD GAME DINNER & WINE TASTING

7:00 PM

Schuylkill Country Club
877 West Market St., Orwigsburg, PA
\$100 per person
cash bar 6-7 PM

**PLUS...a little bit of "Turkey Talk"
from wildlife biologist, Bob Eriksen,
who will be sharing his knowledge
about the wild turkey including
their behavior and ecology.**

Bob spent many years as a field biologist working with the New Jersey Department of Fish and Game in restoring the Eastern Wild Turkey to its home range. As the leading wild turkey biologist for the New Jersey Division of Fish and Game, and as Technical Representative to the New Jersey State Chapter of the National Wild Turkey Federation, he has played a major role in the success of the wild turkey in New Jersey. Bob recently retired from the NWTF as the Regional Biologist for New Jersey, Pennsylvania, Delaware, Maryland, West Virginia and Ohio.
