Sights Around Schuylkill

SCC past Presidents enjoying dinner from left: Louis Fanelli, Joe Troy and Phil Malloy

Is it really Spring??

Radu Olimpiu Gherghel local author and businessman captivated his audience with a discussion of his latest book, "My Son was the First Mutant, I am" on Thursday March 8th, 2018 at the Schuylkill Country Club.

In attendance were representatives from the three local high schools: Blue Mountain, Schuylkill Haven and Pottsville. Their attendance was sponsored by the Schuylkill Country Club's Book Club.

Besides discussing the fascinating futuristic story of a new water colony and environmental activism, the students heard about self-publishing and the wiring disciplines of an author.

Wes's Words of Wisdom

I'd like to welcome everyone back for this year's golf season. The beginning of the golf season is always a special time with everyone eager to get out and work on their game for the upcoming season. With that said, it is also a fabulous time to fix some deficiencies in your golf swing. I encourage everyone with questions regarding their swing to hunt me down to discuss their problem. I am always eager to discuss the golf swing and believe I can give you a plan to get you going in the right direction. I hope everyone had a great offseason and I look forward to seeing you this season.

We have been receiving several questions regarding tree removal. As you can see from the picture to the left, this willow was in serious decline and its branches were decaying rapidly. The trunk of the tree was also rotting away, as this picture illustrates. All of the trees being removed are either dying or dead, and it is our effort to remove them before they become a liability or safety concern.
