December Sale of the Month

Everything in the golf shop will be on sale for 20% OFF for our 2017 HOLIDAY SALE!

Wes's Words of Wisdom

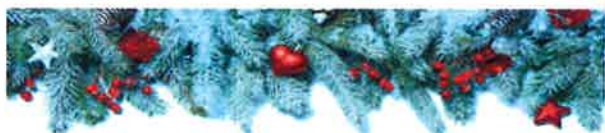

With winter upon us, golfers will retreat inside for a few months and lose their flexibility and feel among other things. Let this be the off-season where you improve on your game. Whether that be chipping/putting in your house or practicing in front of a mirror, you should be working on some part of your game. The winter season is also a great time to start working out, lifting weights or improving your flexibility with yoga are great options. If you're looking to hit the ball further for the upcoming season, invest in some sort of weighted clubs. I use the Super Speed Golf training system which consists of three training clubs, one is 20% lighter than a driver, another is 10% lighter, and one is 5% heavier. The Super Speed Golf System is used by many on the professional tours and is great because you do it 3 times a week for only 10-20 minutes a day. Settle on a golf related activity this off-season and when spring rolls around your game will reap the benefits.

What can you say about 2017? I believe it was a good year despite all the rain we have had. There was some great golfing weather in between. The course held up and is healthy going into the winter season. Hopefully the month of December, brings above average temperatures and everyone can enjoy golf for another month.

I would like to take this time to thank my crew for another great year of work and I am looking forward to the start of the 2018 season. Also the grounds crew would like to wish the SCC membership a happy & healthy holiday season.
