The Grounds Crew would like to welcome everyone back for another great year. We hope your holiday season was as good as the weather has been. Other than a few minor storms, this winter has been good for the golf course. As of the beginning of February, we were clear of snow and ice. We have done some work out on the golf course. The one main objective was cutting down trees that were dying or that were already dead. We will continue to do this throughout the year. For the month of March, you will see us cleaning up the course of limbs and debris that fell all winter long. We are all excited and anxious for the upcoming golf season to arrive, let's hope the weather is nice in March and we can see each other out on the course.
