18 Holes Medal Play / Full Handicap

(100% of Handicap)

Tee Times Start at 9 a.m.

Entry Fee / \$10 Per Person

The Grounds Crew would like to welcome everyone back for another great year. We hope everyone enjoyed the holidays. Other than a few minor storms, this winter has been good for the golf course. As of the middle of February, we have little snow and ice on the course. We have done some work out on the golf course. The one main objective was cutting down trees that were dying or that were already dead. We will continue to do this throughout the year. For the month of March, you will see us cleaning up the course of limbs and debris that fell all winter long. We are all excited and anxious for the upcoming golf season to arrive, let's hope the weather is nice in March and we can see each other out on the course.

SCC Ladies' Golf Association

The SCC Ladies' Golf Association 9 hole league 2018 season begins in April and runs through the end of September.

All levels of play are encouraged to join.

Anyone interested in joining please contact

Dolores Delin:

Call 570.366.0622

Mon-Fri 9 a.m.—2 p.m. to reserve

Schuylkill Country Club Members & Guests are invited to join us!

Mutant I Am, By RADU OLIMPIU GHERGHEL

Brad's swim coach at Washington High School has high hopes for his athlete. Exceptionally skilled in the water, Brad is expected to excel and win many competitions. But during a race, the high schooler collapses. He's diagnosed with an incurable disease that prevents him from ever swimming again, and his doctor doesn't expect him to survive more than five years. To save his life, he undergoes a difficult and unique operation that changes him into a mutant, which allows him to live underwater. Alone at the beginning, then with his wife, Ada, they start a new species called the Gill generation. Many others follow, creating the Water World. It's first controlled by the individual countries that made them, and shortly after it becomes independent. This new society evolves beyond expectations, demanding rights from terrestrials through a revolution. The Gills succeed in controlling the entire planet utilizing advanced technology. With the continuous unrest and wars on land, many repatriates to Water World. The existence and future of humanity relies on the new species, the Gill civilization.

About the Author

Radu Olimpiu Gherghel an engineer, is a native of Timisoara, Romania, who immigrated to the United States in 1967. He and his wife, Judy, have two children and six grandchildren. They live in Orwigsburg, Pennsylvania. This is his third book.
