The Grounds Crew would like to welcome everyone back for another great year. This winter's weather has been unpredictable to say the least. With that, the ground freezes and thaws, which makes for messy conditions on the golf course. Even with the weather highs and lows, we have been able to complete many projects on the course. We have continued removing dead trees and some new trees will be planted in the coming months. Lime has been spread on all of the fairways, which will aid in the health of the grass. During the month of March, you will see us continuing clean up around the course.

We are all excited and anxious for the upcoming golf season to arrive. Let's hope the groundhog was correct in predicting an early Spring!
