Hole in one

Congratulations Ray Frey who
shot his 2nd career hole-in-one on
Hole #16 on September 8th!

Fall Member-Member

Who would like more spin on their wedge shots?

- Use a premium Golf Ball
- Clean grooves/clubface
- Speed, the faster the club speed, the higher the spin
- Setup with ball in middle of stance or slightly forward (not back)
- Weight forward
- Centered Strike (lower over higher on face)

A common misconception is you have to hit down to create spin. Though you should have a descending blow, that in itself will not create more spin and will likely cause more issues.

The long range forecast promises warm and dry for the fall season, which means perfect weather for golf. The grounds crew will work to get all of this fall's leaves up as quickly as possible.

Aeration was a success in September. We will be punching holes in the fairways throughout the month of October. Please be aware that "closed" signage will be posted on the hole we are working. The closure is for a quick clean up and also for the safety of the crew.

When taking a divot, please make sure you replace the divot or use the divot mix provided in the cart.

Hope to see you around the course!
