If you're a morning person like myself and love getting out early to play, you may be frequently faced with the grass being wet. Unfortunately, golfers don't always make the necessary adjustments with their wedge shots for the conditions that they're playing in. On full swings, a wet ball flies further due to the lack of friction, initial launch increases, and the spin decreases up to 4,000 RPM's. With knowing how your shots can vary in wet conditions, you can now be more prepared to get the ball closer by possibly landing the ball short and then allowing for roll out when attacking the flag.

Ice Maker Open

October 12th & 13th

10 a.m. shotgun
4 person teams, ABCD
Sat. – 8 inch cup scramble
Sun. – 2 Best Balls of foursome

Entrance Fee:
\$20 Tournament
\$35 Continental Breakfast & Lunch
(includes both days)
Social Members Welcome!

Please sign up early because perfect foursomes are needed.

There are only 3 more months left to our golf season here at SCC. It's just a matter of time until we get our first frost of the fall and the grass begins to slow down. With the beginning of October also comes the completion of our second aerification to our greens. If we can get a little cooperation from mother nature they should all be healed up and ready to go heading into 2020.

Let's also not forget as we roll into the Halloween season, the leaves will begin falling at a rapid rate. Your SCC grounds crew will be hard at work the weeks ahead trying to clear off every inch of the course from the millions of leaves set to fall. Best of luck to all our members in the upcoming weeks trying to stay warm as the temperatures fall, hopefully so will those golf scores.

SCC Needs Your Help

As we prepare for the upcoming Centennial Celebrations, we are looking for old SCC Memorabilia. All items will be returned.

Don't have any memorabilia. Write down your favorite SCC memory and email to Maggie.
